

Women's Coats at \$10

In addition to the fifty-odd specials (and every one of them a standard of quality, too) enumerated in our last advertisement we want to speak especially of

Women's Coats at \$10.00

This lot includes values up to \$13.50 and come in splendid shades of brown, blue, castor, black and mixtures. The materials are of the kind that will give satisfactory service in wear and afford just as much protection as Coats of twice their value. Tan kerseys, blue broadcloths, black meltons and dark mixtures. All are either braid or velvet trimmed with buttons to match. The lengths are 48 to 50 inches and mostly loose fitting, with deep ripples in the back. We especially recommend these Coats for their value and extreme low price. A look at your earliest convenience would, we are sure, be to your advantage.

Children's Coats at \$3.87

While many Children's Coats have been sold since we last advertised them, we still have a big line at \$3.87 which includes values up to \$8.87. Were these little Coats good values at their original prices—and we considered them so—how much better they must be at \$3.87.

Here is a Perfect Emulsion!

Drown's Emulsion of Cod Liver Oil with the Hypophosphites of lime, soda and potash is made directly to our order in the largest and best equipped pharmaceutical laboratory in the United States.

It is prepared from our own recipe which was perfected only after years of selling emulsions and pharmaceutical preparations, and carefully observing the likes and dislikes of customers who use these preparations.

Drown's Emulsion is 33 1-3 per cent of pure Norwegian Cod Liver Oil, perfectly emulsified and combined with hypophosphites so cleverly that the taste of the oil is completely masked. This is the great secret in making emulsions as it is at once acceptable to every taste, agreeable to every stomach, and at the same time exerts its best medicinal effect in all diseases where it is specifically recommended. Wasting diseases, consumption, run down system, coughs, colds, lung troubles, bronchitis, are especially benefited by its use. Children who are backward and do not seem to thrive or gain strength, receive prompt and lasting help from DROWN'S EMULSION.
